THE FLIRT

You tease
 Play on emotions
 Come near only
 to flit
 ever farther away
 You're not mine
 Beware
 Lest I take your hand
 And never let go

YOU

I see you sitting
 with all your
 friends
 the laughter, smiles,
 and love.
 I want to share it
 all,
 with you alone.
 My love and happiness
 grows each day.
 How do I express my
 love, when you
 love another?
 The one who owns your
 heart,
 sister and best
 friend to me.
 My respect
 my jealousy
 all comes out.
 Do I tell you my
 feelings,
 risking the
 wonderful friendship
 we have.
 Or should I suffer
 deep, deep inside?

Fran Chow 11A

"The door of
 friendship is
 unlocked
 by a smile."

Principal's Message

Once again the familiar sights and sounds of typewriter keys, flash units, P.D. announcements etc., herald the arrival of a new production of the White Oaks Yearbook.

The many hours spent by a relatively small number of staff and students is of great benefit for the majority. This benefit extends beyond the year 1981-82 as we examine the product of these labours in future years. As a school we appreciate greatly these efforts and extend our thanks for this record of the happenings within our school.

To those of you for whom this will be your last year at White Oaks Secondary School we wish you well. We trust that we have played a small part in making your future a bright, pleasant and successful one. Your many contributions to the life of the school as recorded in these pages will bring this to mind as we all leaf through this edition of imprints for 1982.

Best wishes to all.

Wildcat Welcome

WOSS cheerleaders opened the evening generating enough spirit to last the evening.

The obstacle course proved to be a challenge for the niners. The most popular event was "sky diving", a frightening experience especially when asked if they had life insurance. The Mummy game was amusing to watch, as they wrapped their Mummies until they were unrecognizable. With many more games and contests the evening ended with a dance which was a huge success.

Good luck to all of the niners in their endeavours and in the future years at WOSS.

"Sunshine Boys"

I FEEL SOMETHING

I love the feeling of just waking up to the sweet smell of sunshine warming your nose,

I love the feeling of my thirst being quenched, or the warm tub tickling my toes

I smile when I see small children pretending to their imaginations content, or the shape of a rainbow and a cloud hiding where it's bent.

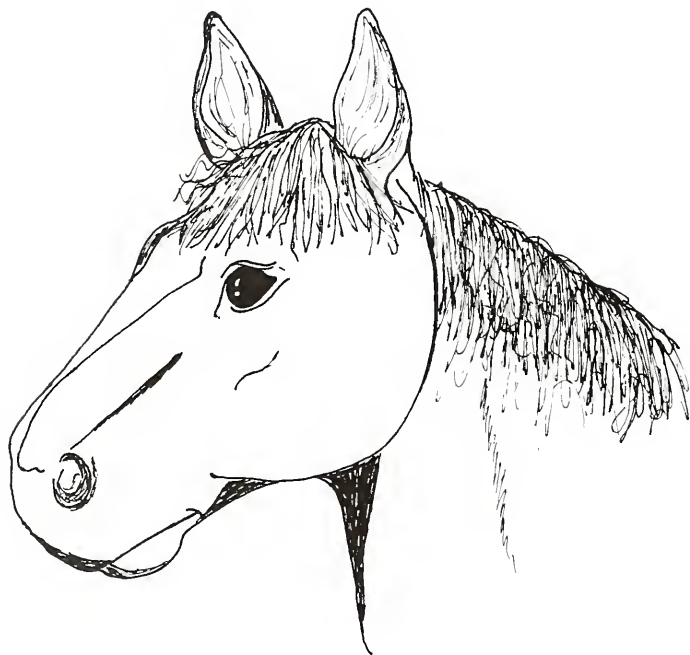

I laugh when I see my past relived by someone younger than me

Or when I see a poem or a saying that has real meaning to see.

I feel good inside when I have done something well and people showing it meant something to tell but most of all,

I love to sit back and think of all the times I've loved, smiled and laughed and tell myself I am the luckiest person in the world.

SOLITUDE

Alone in the quiet
darkness, by her,

I was
captivated;

Her eyes,
it was her eyes
which drew me near
to her!

Everything else,
all other images,
into recession
they faded.

Just us;
and the shimmering
depths of her
magical,
mystical lure.

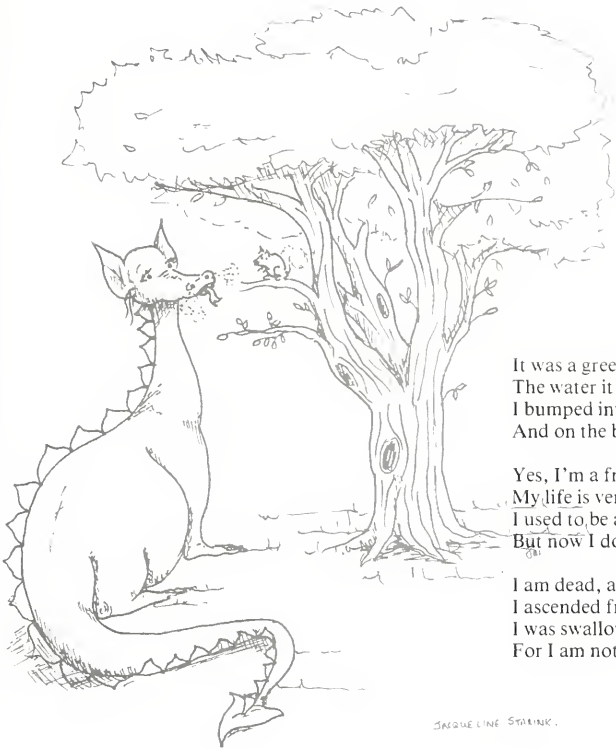

I could not believe it,
for it was as if in
a dream;
so far yet so near.

Her eyes;
pure liquid black
glazed by the
course of two
unseen tears.

Reflected is a
feeling of deep
affection
never before held
within me.

Overcome I reached
out,
and as in a dream
time stood still.

A FROG IN A PICKLE JAR

It was a green ocean, filled with madness,
The water it stung my eye,
I bumped into these cylindrical things,
And on the bottom I do lie.

Yes, I'm a frog in a pickle jar,
My life is very lonely here,
I used to be a waiter in a singles bar,
But now I don't really care.

I am dead, a fork jabbed me in the back,
I ascended from the pickle jar and became a tasty snack,
I was swallowed and vomitted, my bones spattered the floor,
For I am not a frog no more, but a piece of messy gore.

LEARNING FOR LIFE

Sheridan College offers you learning for life — with more than 70 post-secondary career programs. This year, almost 6,000 students are enrolled full-time at eight campuses in Halton and Peel. Sheridan covers wide-ranging career territory from high-technology microcomputer and electronics programs to unique programs in crafts and design, and the visual arts.

Programs are in-depth and practical, and the results speak for themselves. The job placement figure for our graduates has been 94 per cent for the past two years. Consider a career in one of Sheridan's new programs:

Microcomputer Management:

Sheridan is a leader in the field of microcomputer education in North America. Explosive growth in the use of affordable, compact microcomputer systems, is creating new job markets. This program will give graduates a solid background in business subjects and microcomputers and the skill needed to make the most of an employer's microcomputer system. (2 years, Brampton and Oakville Campuses).

Electronics Engineering Technician

— Microcomputer Option: Graduates of this program will help to meet the growing need for capable trained persons to analyze problems and do on-site and in-factory repair, testing and maintenance on microcomputers. (2 years, Brampton Campus).

Writing Elective: Develop your writing, editing and publishing skills to prepare for a

career in the media or performing arts, the publishing industry, business writing, or public information writing. (2 years, Oakville Campus).

Word Processing Procedures and Administration: Learn top-notch management skills for word processing — the office technique of the future. Graduates will have the potential to quickly become supervisors of word processing centres, and will also be able to design and set up effective word processing systems. The main element of such systems is a text-editing typewriter. (2 years, Oakville and Brampton Campuses).

Mechanical Engineering Technology — Building Operations Management Option:

Course topics include electrical power systems, physical plant systems, basic management concepts, energy system analysis, and heating and air conditioning systems. Graduates will have expertise in the operation and management of a wide variety of mechanical and electrical systems, and be employed as building managers for schools, offices, apartments, shopping centres and hospitals (3 years, Brampton Campus).

Visual Merchandising Arts: Graduates will be trained as visual merchandising specialists who promote sales in stores through creative instore and window displays, and work with freelance display services and convention and show services. The emphasis here is on retailing and on practical experience. (2 years, Oakville Campus).

Other career programs at Sheridan include Canadian Nanny, Fashion Technique and Design, Research Techniques, Correctional Worker, Journalism, Advertising, Community Planning, Business programs, Performance Studies, Child Care and Social Service programs, and many others.

Don't put your career plans on hold any longer. Start thinking *now* about applying to Sheridan College for the fall of 1982 — for the learning experience of a lifetime!

SO FAR

so far i have gone
to see the angry sea crash against the shore
to feel the wind brushing the hair out of my eyes
and caressing it against my face.
so far i have gone
to hear the seagulls searching for their dinner
to feel the sun's warm inviting rays
and the silky white sand between my toes.
so far i have gone
to sit on this lonely rock
smooth with algae and seaweed
to see you again.

i wanted you to share these magical moments together,
hand in hand,
but when i came to look for you
among the shore, sun, wind and sand,
you were not there

now only one
sits on that rock
smooth with algae and seaweed;

La lune.
Elle me regarde par ma fenêtre,
toutes les nuits
elle est là
un visage blanc et pur.

Mon amie la lune.
Quand j'étais petite
je souhaitais sur elle,
en adolescence je revais avec elle,
plus tard je marchais sous elle,
avec mon amour
dans la nuit clair.

Maintenant je suis vieille.
La lune, une femme sans age,
est avec moi
dans la nuit, nous sommes ensembles
moi, sur la terre
elle, dans le ciel.

Mais elle me console
avec sa lumière aimable
je sais que je serai avec elle
bientôt,
où les étoiles sont son voisin
puis, je ne serai jamais seule.

FOOTPRINTS IN THE SAND

Footprints
in the sand.
I strive to make
my imprints deep
so the waves
licking at the shore
won't erase them.
I look ahead
and see
footprints
in the sand.
Am I only following
what has gone before?
I look behind
and see
footprints
in the sand.
Maybe I am leading
making paths
others will follow.
"Will it matter that I was?"
I only know
it matters that I am
living and making
footprints
in the sand.

IT'S UP TO YOU TO CHOOSE

If triumph means success is yours,
Disaster, failure too,
I wonder which one will be yours,
It's up to you to choose.

Just pick the one to mean the most
To family, friends and you,
Remember fate is in your hands,
It's up to you to choose.

Your business is in White Oaks School,
With good grades you can't lose,
Success or failures is also there,
It's up to you to choose.

"I am determined, patient too,"
These virtues are part of you?
For if they are, success is yours,
It's up to you to choose.

DEATH

She sits alone,
Waiting for Death to
Take in his, her hand -
Knowing now that she
Has sinned perhaps
Once too often.

She mumbles part
Of an old psalm,
(It's entirely long forgotten)
And seems oblivious to
The steady droplets of rain
Finding refuge in her dim
House by way of a crack
In the ceiling.

Seeming not even to breathe
(Perhaps it's not worth the effort -)
She rocks back and forth,
Back and forth,
Remembering an old melody.
She is still.
The only sign of life -
A tear creeping stealthily
Down her wrinkled cheek.
Death overtakes her,
And the suffering is over.
In the dimness can be seen
The stitching of an old sampler -
"Now I lay me down to sleep,
I pray thee, Lord, my soul to keep."

"Hey, Joe!"
"Wha?"

Leave me alone, too much coffee makes me edgy.

WHAT did you say???

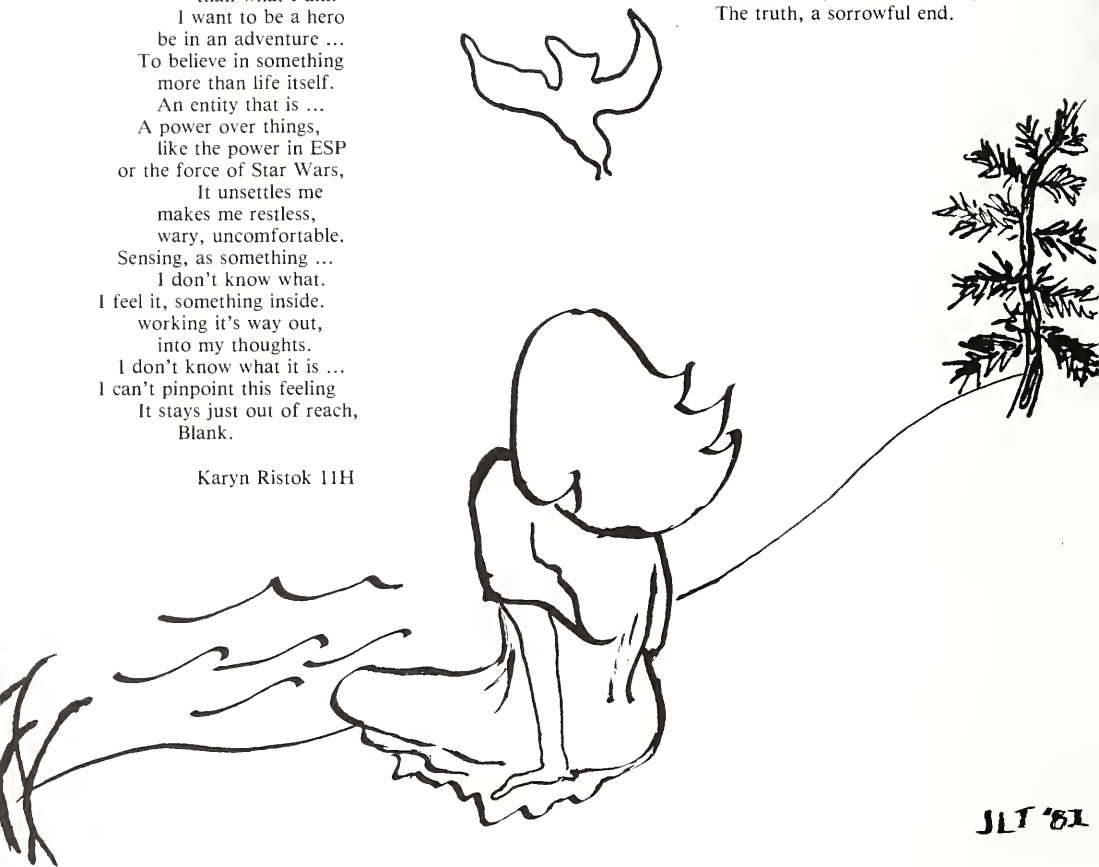

THE FEELING

Right now
I have a feeling
that I should be
something more
than what I am.
I want to be a hero
be in an adventure ...
To believe in something
more than life itself.
An entity that is ...
A power over things,
like the power in ESP
or the force of Star Wars,
It unsettles me
makes me restless,
wary, uncomfortable.
Sensing, as something ...
I don't know what.
I feel it, something inside.
working it's way out,
into my thoughts.
I don't know what it is ...
I can't pinpoint this feeling
It stays just out of reach,
Blank.

MY WORDS SPEAK

Speak my words, for at times
I cannot say them myself.
I am shy, yet as a rainbow
I let my colours shine.
Speak my words for I am proud,
and I cannot say them myself.

Myrna McBrien 11G

HEIDI

You were always smiling
And so much fun
A beautiful someone special
To everyone.

Whenever needed
You were always there
To give advice
And show you care.

Life made a change
But memories remain
Forever in our thoughts
Until we meet again.

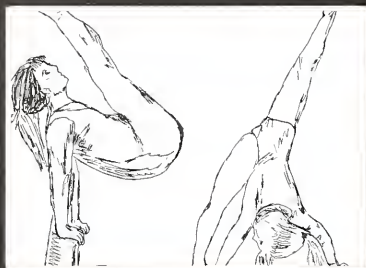

Love Lawnmower,
and Su-age.

VICTORY

No one knows the feeling of victory - except those who have gone through it all.

Victory is not only the winning part ... no ... that's only the reward.

In a team, victory is working hard together - sweating, hurting, fighting, feeling - all of these even losing is a characteristic of victory.

When you've worked so hard for something you want so badly, losing is just something one must accept, even if it is only a step below what you've waited so long for.

You've worked, practised, now you are ready, you make it to the finals - you come in second, you may not be number one, but you've won. You've won the feeling of victory.

MOTHER BRINGS PAIN

Bruises, bumps and crying alone.
 The neighbours hear, but no one helps.
 He lies in fear, poor little boy
 afraid of his own shadow.
 She lunges toward him, stick in hand.
 Tears roll down his face, I
 did nothing wrong.
 She hits him, he screams.
 The wailing becomes a continuous moan.
 He waits for the inevitable.
 She'll come again.
 She always does.
 The lady I call my mother.
 Why does she hurt me so?

PROCOR

RAIL CAR DIVISION: This is Procor's largest division. Procor is the only Canadian company that engineers, builds and leases its own railway freight cars. Procor now owns some 15,000 cars and leases them to the nation's largest petroleum, chemical, food and mining companies.

SULPHUR SERVICES DIVISION: Largely involved in sulphur forming and the transportation, handling and stockpiling of sulphur. Procor GX is the largest development in sulphur forming; a hard, dust-free granule developed to meet the strictest environmental standards.

LPG STORAGE DIVISION: Procor has four and is developing nine, underground caverns in the extensive salt beds of Saskatchewan. Further caverns are being developed at Redwater, Alberta. Each cavern is capable of holding 16 million gallons of Liquified Petroleum Gases - propane and butane. These new LPG storage facilities are helping to smooth out the supply/demand problems for producers and helping to ensure a constant supply of LPG to customers in Canada and the United States of America.

CRANE SERVICES DIVISION: Procor's Crane Divisions, located in Montreal to serve the East and Edmonton to serve the West, represent the largest crane leasing service in North America.

Valedictorian Speech

Lynda McBrien

As I look around this caf, the memories are astounding. There sit my best friends, my teachers, my relatives. Everyone that has meant anything in my life for the past 5 years. I'm sure that every other grad here tonight feels the same way. It is amazing to think that 5 years ago I knew none of these people that have come to mean so much to me. Fate brought us together, but White Oaks formed the bonds that kept us that way.

We've been through a lot these past 5 years and we've got all the memories to prove it. We were the last 'niners' to be "beanies" and the first ones to wear "number 1 niner" buttons. None of us will ever forget those "before the first day of high school jitters" when there were frantic phone calls to our best friends discussing what to wear and whether to bring a lunch or buy one at school. Those first few weeks of grade nine were really a challenge. We received yellow slips of paper telling us who our guidance counsellors were, and we all agreed how considerate that was. The only trouble was that none of us knew where to find the guidance office or who the people were. Morning announcements were even more fun to decipher. There were meetings for the I.S.C.F., the B.A.C., the G.A.C., the student council, student corps, what was a bathtub race? and where did they keep the wildcats? no ... we won't forget grade 9 - the year we never skipped a class, never ate lunch in the halls, and never sat on the ledge.

"Grade Ten was Pitt because gr. 9 had been 'Rough Bag' even though we had been SOASH, now we were uncool so the Cleanse bugs could spin because they were dece and we were dumb-ed. Woss Lingo and Confidence ... our 2 biggest accomplishments. We no long walked around the caf to avoid the I3's because we were in grade ten. The following year was one of the best. We were seniors and now we could sit on the ledge. - only the front ledge, but at least we were there.

In 11 we started driving, as a result we missed a few classes (due to the traffic tie ups on the way home from Tim Hortons). We had our first spirit day, our famous trip to Ivor Wynne, and our first McBur parties. Seventeen bus loads of students and teachers left this school to cheer on the Junior Wildcats at the Halton Championship in the best display of WOSS spirit ever. Several of the guys graduating tonight were day players on that team, and we'll never forget them for it. Also in grade 11 our cheerleading team grew from eight to sixteen, and no one ever did figure out if that was good or bad.

Grade 12 was the year of Co-ed phys. ed., Dean's Jokes, and THE WOOSIE. We were old enough to go to formals, and brave enough to sit on any ledge we wanted to. Both the girls' and boys' team won the Halton finals in Track and Field, and the gr. 12 ski trip came and went without any major disasters. Finally, at the end of the year we went to Kelso with the 13's and it was then that we realized, they were 'HUMAN' too.

And so this brings us to Gr. 13, I have to admit guys, I think this was our year!!! And I don't think White Oaks will ever be the same. They'll never forget the football players who became cheerleaders on Halloween, no other grade had ever been that brave before. The Pajama party, Toga party and Halloween party were just some of the highlights of November. And then in December, came the Christmas Assembly. When we visited Herlicka-ville, heard of Matt's love for Bologna and witnessed Santa's first late arrival, leave it to conlif and Bonnie to be late. Who could forget Glenn's fabulous drum solos or the Bachelors-on-the-hunt (who by the way still are!). The car rally, and wash were both successful, and at least they were legal!

Second city, Canada Wonderland, the soft ball a-thon, Paul's gr. 13 meetings and our first class reunion have all found places in our hearts and minds. There they will remain with us throughout our separate lives. Thanks to Mr. McBurney, we will always know what U.S.S.R. stands for, and thanks to Mr. Maclean we will always know the probability of a thumbtack falling on its head.

I'm sure White Oaks will miss Tim on announcements. Brent singing in the halls, in fact, each one in their own way, but not as much as we'll miss White Oaks - for in no place have we laughed so hard while learning so much. And so it is with tears and smiles we leave you. You have shared so much of your knowledge with us, and we hope that we have shared some of our spirit with you. Thank you parents, thank you Mr. Richardson, Mr. Needham, Mr. Baker, Mr. Oakes, teachers, secretaries and custodians. You are White Oaks, and you are what we will miss the most of all. We are leaving this school with one wish. That is: That you continue to give to our successors all that you gave to us.

The Unlearnable Lesson Says Just This:

"You don't miss something until it's gone."

So now it's leaving time and here we stand, where as young adults we first shone, we talked, we hurt, we smiled, we felt, we reached, we learned our value to others and to ourselves. Yet all too soon we'll find ourselves living back in White Oaks Secondary School.

White Oaks - Adieu
From The Class of 1981

Graduation 1981

Ice melts, water trickles.
 Snow shrinks silently homeward.
 Puddles form, children splash.
 Mothers' anguished cries unheard.
 Bears awoken from too long a sleep.
 Squirrels gather to replenish their stores.
 Deers, bear, spotted fawns.
 Flowers unfrozen to blossom again.
 Trees anew with their buds and leaves.
 Grass sprouts green blades.

DOG

As I sit on the bed,
 I contemplate my chances.
 I study the distance,
 Calculate the results,
 And tense my body,
 Muscles ripple across my back.
 I pull my legs in and spring,
 Landing full in the face of
 my sleeping master.
 Then streak away, dodging
 the thrown shoe.

The Student Parliament has been involved in a number of activities this year. Just a few of the activities they organized were a slave day, a talent show, a pumpkin carving contest, a fitness day, a Winter Wonderland dance, a Masquerade dance, a Valentine's dance, a Cassanova day, Candygrams, and fund-raising drives for Cancer and the United Way. In addition, the Parliament organized spirit days, promoted lunch time activities and sold Council cards and school pictures. Most of the plans were successful and student support was at an all-time high this year.

The executive members for 1981/82 were:

Prime Minister:	Cam Zabel
Deputy Minister:	Lynne Penford
Minister of Records:	Chris Harman
Minister of Finance:	Bruce Tisdale
Minister of Social Affairs:	Chris Moore
Staff Adviser:	Leona Woods

Art Club

See drawing opposite.

The Art Club is a group of people interested in doing their own thing, whether it's a painting, a sculpture, a piece of ceramic or some calligraphy or whatever. Both teachers and students are invited to be 'artful' on Thursdays.

Student Corps

Student Corps at W.O.S.S. is a group of senior student volunteers who serve the school and staff in a variety of ways throughout the year. This includes everything from ushering at drama and musical productions and supervising junior classes, to helping out at Wildcat Welcome and Open House and picking up garbage. This year the service corps of about thirty members would like to thank Mrs. Hitchcox, Miss Pietras and Miss Philp for their work as staff advisors. Special thanks go to Mr. Richardson for the name tags, and to Marcia MacPherson, (President), Jennifer Tiberio, (Vice-President), and Leslie Hoyle, (Secretary), the liveliest corpses of all.

TOP ROW, Left to Right: Miss Philp, Marianne Kadlec, Barb Panning, Brian Driscoll, Jenny Northcote, Greg Johnston, Miss Pietras, Terry Lukas, Doug Cameron, Janice Pickett, Birgit Martens, Karyn Ristok.

BOTTOM ROW: Janet Hughes, Kevin Driscoll, Leslie Hoyle, Randy Solnik-Willis, Paul Clayton, Barb Hickling, Jenny Tiberio, Mrs. Hitchcox.

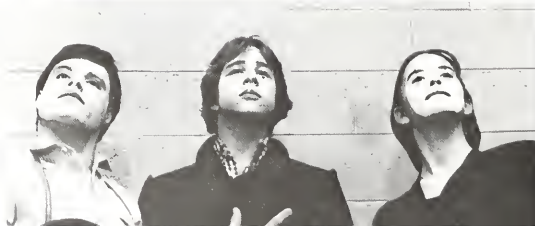

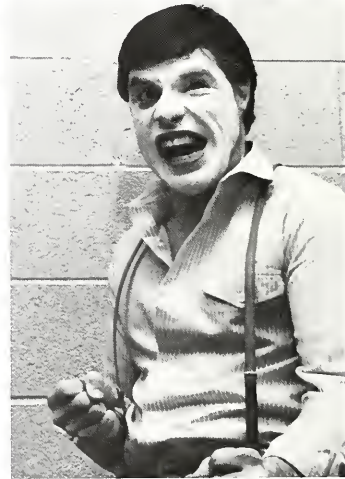

MISSING, Nowhere to Nowhere: Kim Ball, Sonya Dinevski, Andrew Hack, Kira Koekbaker, Terri Lawson, Derrick Muntwyler, Lynn Hart, Lynne Penford, Jacqueline Sarnik, Denise Fawcitt and last but not least, Marcia McPherson.

Mime Club

New at WOSS this year, the Mime Club is made up of people who wish to practice and perfect the art of Mime. Not only are images made from thin air but we also closely study everyday activities and then recreate them using gestures. The Mime Club functions like any other theatre troupe; dealing with make-up, costumes, sound and lighting. All of this activity leads to troupe shows in many area schools.

"I hold an imaginary glass in my hand and it becomes visible, both to me and to my audience. The imaginary made visible, tangible, is the beginning of what Mime is about."

(Claude Kipnis)

Science Club

The fall of '81 saw the Science Club dropping eggs 40 cm without breaking, playing Chemical Formulae scrabble, dissecting earthworms, throwing paper gliders and answering Fermi questions. This unusual activity was practiced for the 4th Annual York University Science Olympics. Although the team did not place in the top 3 positions, fun and competitive fellowship was experienced by all.

LEFT TO RIGHT: Mr. Harry, Randy Solnik-Willis, Greg Johnson, Brian Driscoll, Kevin Driscoll, Mr. Giles.

Chess Club

The Chess Club is dedicated to the idea that violence is immoral, illegal and can best be expressed in an intellectual and precise way. In the pursuit of this ideal, its members have met regularly during the year in the Nursing Office, its inner sanctum.

Unfortunately, development of a Halton Tournament League has not occurred, at the date of writing. As a result, team members have had to channel their warlike instincts, practising destruction and carnage on each other.

In the past, White Oaks' chess reputation was the envy of Halton County; in future years, we hope once again to enter tournaments, to spread our name far and wide!

LEFT TO RIGHT: Mr. McMaster, Alain Aubin, David Fisher, Mike Summerfield, Mr. Muhlstock, Larry Hahn, Peter Withall, Craig Smart, Jeff Frost.
MISSING: Naddish Uppal.

“Debators, the counter-culture of WOSS! The debating team has come of age; how old we are, I’m not quite sure, but it has come of age! The ‘Not So Great Debate’ proved three things: teachers can be embarrassed, debating does exist, and there is, in fact, life after high school.”

“This is the beauty of debating, the fact that it is debatable. If the mere calling of, and attendance of meetings and tournaments proves existence, then the debating team does, in fact, exist, but Mr. Speaker, if this statement is wrong, then we are no further ahead than when we started. Therefore, there is no point in continuing this passage.”

“Wait! I must disagree! The secret society of debating does exist.”

“No, it doesn’t!”

“Yes, it does!”

“Does not, you liar ...”

“Liar is an unparliamentary term and cannot be used in debating, which does, in fact, exist and is fun and worthwhile.”

“That is debatable ...”

“Mr. Guthrie has worked hard to try and recapture ‘the thrill of victory’ that was present last year. There is still hope for the future. Debating is a worthwhile skill to possess. Well that’s it. It’s over.”

“No it’s not ...”

Debating Team

TOP ROW: Mr. Guthrie, Dave Fisher, Frank Rota, Cathy DaCosta.

BOTTOM ROW: Bruce Tisdale, Alan Barber, Chris Manrique.

MISSING: David Hoyle, Jenny Northcote, Olivier Giselle.

Christian Fellowship

TOP ROW, Left to Right: Mr. McBurney, Mr. Wreford, Mr. Connelly.
BOTTOM ROW: Mike Summerfield, Wendy Beale, Christine Hounslow, Kathleen, Christina Roberts.
ABSENT: Mark Clayton, Paul Clayton, Pam, Doug Cameron, Mr. Sherk, Sandra Mattsson.

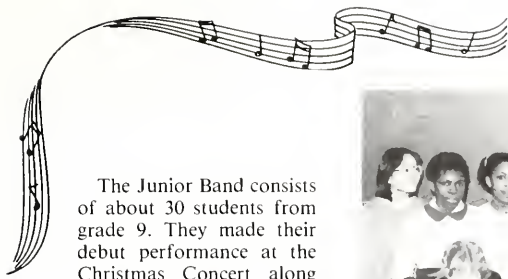

Our Christian Fellowship group is quite well established this year. We meet every Tuesday evening at the Beal's home at 9 Onslow Court. We start with songs and hymns, generally accompanied by a guitar; and then we have a discussion on various topics, such as the role of a Christian in our schools and in our community. We have a young student minister named Mark Clayton, conducting our meetings; and the students are able to relate to him with ease. Both Mr. Connelly and Mr. Wreford have done a great job in organization this year; and their enthusiasm has rubbed off on many of the group.

I think our C.F. group this year is a very viable one; and we extend a welcome to any new people who want to know more about faith. We feel strongly that there is a great need for faith in our modern society.

Junior Band

The Junior Band consists of about 30 students from grade 9. They made their debut performance at the Christmas Concert along with the other bands. They played their Christmas program for students from St. Michael's school also. Next, they delighted parents and friends in a concert in May. Their final performance was in conjunction with the surrounding schools in our Family of Schools Concert. The calibre of these young people speaks well for the future of the bands of White Oaks.

TOP ROW: Wendy Kim, Mr. Herlihey, Kathy Petrunuk, Blake Penman, Mark Downie, Mike Richards, Sean Murphy.
SECOND ROW: Yvette Harvey, Jennifer Burke, Mike Tingle, Andy Firth, Stephanie Karnis, David Stoyles, Mike Glaum.
THIRD ROW: Kelly Evans, Lynne Dunn, Debie Alexandra, Liz Cowell, Carey Clarke, Robert Gee.

This year's Senior Band had an Enormous amount of talent. Unfortunately many of them will graduate this year. The fall was busy with a concert in early November for parents and friends. This was followed by assembly concerts for the student body. Then the band went to Milton to play for the band members there. This series of concerts concluded with the playing of two selections of the Music Festival in Burlington of which they received very high marks.

Then the Senior Band presented there twice; first for Montclair Sr. Public School and then for an evening program. Although plans are not finalized at this time, it is expected that the Senior Band will play in a Spring Concert, school assembly, parks, malls and take part in an exchange visit with another Secondary School. Much credit for the Band's success this year is due to the work of the executive and secretarial bodies.

SPORTS

Cheerleaders

Cheerleading is very important to all sports within the school. Although cheerleading itself is not a sport, it generates spirit for all the teams, and without spirit, there is no victory.

This year W.O.S.S. cheerleading has been the best ever. Starting off the new year, a team of six cheerleaders attended the Canadian Cheerleading Camp in Ottawa, and came home with victories never before achieved by W.O.S.S. cheerleaders. This team consisted of Vicky Edwards, Myrna McBrien, Kara Charters, Lynn Hart, Lesley Boggs and Marilyn Plummer. In competition with more than two hundred girls and many school teams, W.O.S.S. captured the titles for "Best All Round Team" and "Best Overall Spirit". In addition, Myrna McBrien won the individual competition for "Best Cheerleader". These honours were a remarkable achievement for the team.

Cheerleading demands organization, determination and spirit. W.O.S.S. cheerleaders display all three characteristics, especially B'ann Hendershot, the head cheerleader, who performed a wonderful job this year. All the cheerleaders appreciate the work she did to keep up the spirit during both the "wins" and "losses" of W.O.S.S. teams.

Cheerleading is a unique experience for the team becomes so close that very special friendships are formed. In this experience in particular can be found the special spirit of W.O.S.S.

Gill
Newman

The White Oaks Tennis Team had a very successful season. Gill Newman won the Halton Junior Female Championship. Kelly Fitzsimmons and George Aldridge won their first two matches before being eliminated in the Halton Junior Mixed Doubles. Our Senior Mixed Doubles team of Helen Griffiths and Paul Drury also were successful in making it to the finals. Fine athletic performances were displayed by: Cathy Cowan, Mark Picavet, Lorraine Griffiths, George Hardy, Chris Potter and Andrew Lee.

Senior Boys' Soccer

Mr. Guthrie, Dave Thomson, Alan Barber, Brett Newman, Phil Currie, Ed Cassavoy, John Austin, Steve Hope, Dwayne Smith, Doug Cameron, Jim Morash, Mike Peric, Monty Sauve, Tim Prescott.

For the senior soccer team, 1980-81 was one of the most successful seasons on record. Highlights of the season were a 3-2 victory over Perdue (champions of East Halton for the past eight years) and a first place standing in our division for more than half the season. We were a real contender for the division title, but were narrowly defeated by Blakelock, 2-1, in the play-offs. With many of last year's best players, like Tim Prescott, Doug Cameron, Steve Hope and Brett Newman returning, 1981-82 looks like a good season.

many hours running on the third floor and working out in the pool with Mr. Channen. To the surprise of the other schools, the 21 players from White Oaks played well as a team and completed the season in second place in the league standings. Although the team was defeated by the Queen Elizabeth Park Royals in the semi-finals they played well. WOSS is once again recognized as a soccer powerhouse characterized by fierce determination and good sportsmanship.

In spite of an interrupted year and a total application of Murphy's Law the Swim Team had a reasonably successful year. We were able to participate in full major meets with remarkable success. A core of seasoned veterans and a large group of enthusiastic beginners bodes well for the team next year.

The hockey team offered a new look to sports teams at White Oaks. It was comprised of players ranging from Grade 13 right down to grade nine. Primarily a skating team, they proved themselves to be the classiest team in the league. The offence was devastating, scoring more goals than any other team. Highlights of the season were wins over the usual contenders, OT and QEP. With a 12-6-2 record, we continued our winning ways into the playoffs, beating QEP 4-3. However our nemesis was Blakelock, who beat us in the semi finals. The players never quit or lost heart. WOSS can be proud of these players. Next year, with several players returning, even outside coaches predict that White Oaks will be the team to beat.

The WOSS girls' gymnastics team did exceptionally well this year. Every year the team gets stronger, receiving more honours for its efforts.

In this year we took the East Haltons trophy with no difficulty. The girls moved on to capture the Halton's trophy and even placed a well earned third place in Peel Haltons competition.

A few girls who contributed to this year's success were: Denise Hay who went all the way to the Peel's, fifth all-round. Marlene McBrien placed third in Peels and qualified for OFSAA as a sub. Kathy Eveson along with Carol Elgee did well in the Peel Haltons.

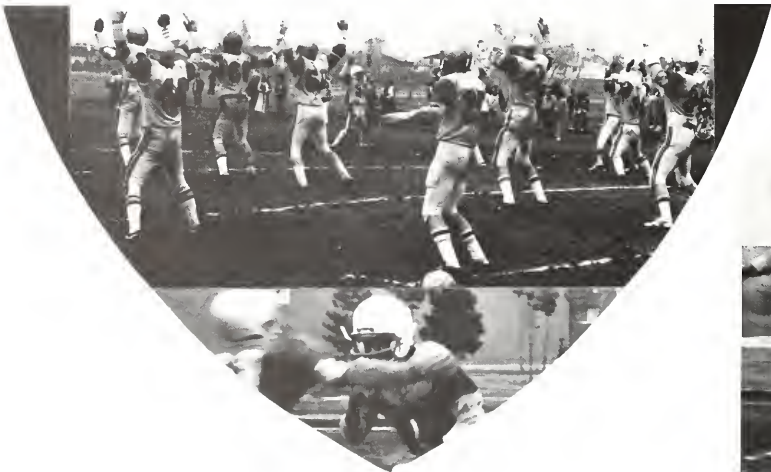

Thanks to Mrs. Gibson for her great coaching and support. Let's do it again next year!

We wanted this year's yearbook to be different, and it is! We would like to thank all the staff for a superb effort, the late nights, confusions, frustrations and the sacrifice (sacrifice?) of homework involved in the making of 'Imprints '82'.

Special thanks go to Jenny Northcote, Greg Pickios, Dorethy Luyks, Andrew Nisbet, Liana Tumino, Ron Bousfield, Mr. Gray, Mr. O'Hearn, Mr. Schoenborn and Mrs. Miller, for their terrific dedication.

Of course, we can't forget Ms. Hamouth, without whom we could never have completed this yearbook! In the words of Ms. Hamouth: 'You're all magnificent!'

Hello, Dolly

The musical this year was another great success for White Oaks. The role of Dolly, portrayed by Liana Tumino was carried off with grace and ease. The comical pair of Cornelius and Barnaby, played by Doug Cameron and Ken Brown, kept us in stitches. David Hoyle did a fine job in a humorous rendition of Horace Vandergelder while in great contrast were Myrna McBrien and Eroica Rivera as the two milliners. Another highlight of the play was Ermenegarde portrayed by Karen Rees with her wonderful rendition of crying. Her fiancé was delightfully brought to life by Peter Garrioch.

Many thanks to the chorus dancers, stage crew, pit, make-up and costume.

Special appreciation goes to Miss Currie-Mills, Miss Davidson, Mrs. Wesley, Miss Philp, Mr. Read, Miss Woods, Miss Rumble and Mr. Muhlstock whose constant support and dedication pulled us through those long hours of rehearsal.

FOX

Marathon of Hope

On April 12, 1980, Terry Fox set out to run across Canada on an artificial leg. The 5,300 mile Marathon of Hope received respect worldwide.

On September 1, 1980, after 3,339 miles, the running stopped. The cancer that took his leg reappeared in his lungs.

On June 28, 1981, Terry Fox died. It was a battle right to the end and he never gave up.

Terry lived and died a hero.

Terry Fox (July 28, 1958 - June 28, 1981).

"The 1980's began in darkness and uncertainty in many third world countries. Disasters both natural and manmade have left their mark in the past year, robbing children and families of their homes and their hope.

We can only believe that fate will be kinder in the years ahead. But whether disaster strikes or not, the terrible need remains."

In the past years our school has sponsored a FOSTER CHILD in Ecuador. Her name is Mildred Lopez, and she is 9 years old.

Thanks to our student council, she is doing well, but is having trouble in her studies, just like us!

MANY THANKS TO ALL AND GOD BLESS.

THE ROSE STILL GROWS BEYOND THE WALL

Near shady wall a rose once grew,
Budded and blossomed in God's free light,
Watered and fed by morning dew,
Shedding its sweetness day and night.

As it grew and blossomed fair and tall,
Slowly rising to loftier height,
It came to a crevice in the wall,
Through which there shone a beam of light.

Onward it crept with added strength,
With never a thought of fear or pride;
It followed the light through the crevice-length
And unfolded itself on the other side.

The light, the dew, the broadening view,
Were found the same as they were before;
And it lost itself in beauties new,
Breathing its fragrance more and more.

Shall claim of death cause us to grieve
And make our courage faint or fall?
Nay, let us faith and hope receive;
The rose still grows beyond the wall,

Scattering fragrance far and wide,
Just as it did in days of yore,
Just as it did on the other side,
Just as it will forevermore.
